PREPARATION OF YOUR PRESENTATION SPACE

Based on the the regulation of the PVA EXPO PRAHA it is forbidden to drive in the halls with accompanying cars and vehicles, carts, trucks and lorries, etc. during the entire time of the exhibition duration including the preparatory days and the time of dismantling the arrangements. Drive-in is allowed only to the exhibitors. In case your vehicle is brought to the exhibition on the car carrier, it is necessary to put the car down on the area near the hall entrance and then drive in the hall only with the vehicle to be exhibited. Other things may be brought in the halls through the sufficient side entrances which are to be found on the perimeter of the hall. We would like to ask you to respect this restriction so that no unnecessary conflicts arise on the spot with the organizers and the security service employees on the side of the PVA. We would like to thank you for your understanding.

PROTECTION OF YOUR BELONGINGS

After the area has been closed, daily after 7 pm (during the exhibition), or after 8 pm (during assembling and dismantling the arrangements and presentation spaces), the hall is guarded by the security services. The organizer is not liable for any damage caused by the third party during the exhibition, during assembling and dismantling the presentation spaces, therefore we

encourage you to secure your property with the common means and with an insurance policy. The situation becomes especially confusing when the stalls are being dismantled, thus it is in your own interest to keep an eye on your loosely lying belongings and all your exhibits and expensive equipment take away immediately after the end of the event.

PRESENTATION SPACE

Each vehicle has been provided with an presentation space, around which we recommend to border the space with stand and chains or strings. It would be ideal to agree on the spot with the other vehicle owners and to chain and thus create longer lines with no access, so that you can enjoy your space without regular visitors of the event.

ACCOMPANYING VEHICLES

Accompanying vehicles are allowed to drive in the exhibition centre area only on Friday August 30th and must be parked exactly as prescribed by the organizers. In the case of a breach, the organizer is entitled to let the partocular vehicle towed away at the expense of the owner of the vehicle. Transport trucks may be parked in the exhibition centre area during the event in the designated parking area behind the exhibition halls. **However, you will not be able to move the parked transport trucks since Friday to Sunday and to leave the exhibition area, so you should take this fact into account!**

PARKING

Parking places are independent of the organizer of the event and are managed by the PVA EXPO Praha which have assessed the parking fee for 150 CZK/day (outer area), or 500 CZK for the duration of the event (inner area). Unfortunately this fact cannot be changed any how, therefore we suggest you the following parking places in the near area of the exhibition centre:

1. Tuning + Supersports + other guests

Parking free of charge right at the venue. Intended only for the pre-arranged guests of the event with rather interesting vehicles.

2. P+R parking lot (Park + Ride)

Near the Metro station Letňany, more than 600 parking places. Fee 20 CZK/day, 2-minute walking distance of the exhibition centre.

3. Beladova street near the Metro station Letňany

Lengthwise parking, free of charge, 2 – 5-minute walking distance of the exhibition centre.

4. PVA Expo Praha

The exhibition centre area for the holders of parking passes purchased at the reception. The parking pass is charged with 500 CZK. The remaining areas 150 CZK/day.

SHOW & SHINE

An accompanying Show&Shine contest will become a novelty during the Escape6 Prague Car Festival, in which TOP 12 cars and vehicles will be awarded. The evaluation is secret, the results will be announced on Sunday September 1st at 2.00 pm on the main stage. The results will be published also via the official webpage of www.praguecarfestival.cz.

COMMERCIAL PROMOTION

For all guests it is prohibited to perform any commercial promotion in the form of leaflets, promotional banners, business cards, etc. An exception may be granted upon agreement with

the main organizer of the event. Only advertising stickers placed on the exhibited car are allowed and tolerated. Promotional materials such as banners are also acceptable, which are not of a commercial nature. The example of which may be a flag with the logo of a car-manufacturer or a particular tuning club. Please, understand that we are not Eurojackpot winners and the entire event costs us a lot of money which must raise somehow and somewhere ☺

SPEED AT THE EXHIBITION CENTRE

At the premises of the exhibition centre **maximum speed of 20 km/h** is allowed, the maximum speed in the halls is 10 km/h. At the same time **it is necessary to pay attention to and obey all these instructions of the organizer of the event. In the event of infringement the exhibitor may be excluded from the premises at any time of the exhibition without any legal claim on refunding the ticket or the costs of their presentation space.**
